- 11.2 Competitors will be provided with a tulip Route Book, no stage notes will be provided.
- 11.3 All speed limits are given in the Route Book. If the speed in the route book is different from the posted limit, the lower of the two prevails. Any penalties for excessive speed will be based on the lower limit.
- 11.4 All rally officials and their delegates are Judges of Fact. Their observations constitute valid testimony, and they are authorized to report violations of these rules and the ARA Rally Competition Rules to the Clerk of the Course.
- 11.5 The Maximum Permitted Lateness for the rally is 30 minutes. Exceeding 30 minutes results in a time-bar.
- 11.6 In the event of a large time gap between teams, an ATC may require a competitor to immediately enter the time control early without penalty in order to reduce the gap and improve safety. Competitors so “waved in” must comply without delay. This is in the team’s best interest and helps avoid Maximum Permitted Lateness due to scheduled stage closing times.
- 11.7 All stages are hot until stopped by a red cross or the Organizers.

- 12.6 The Primary fuel depot is located within the service area so additional service personnel will not be required. The only permitted activity in a fuel depot is the addition of fuel as defined by RCR 5.9.2 . Competitors or service crews must clean up any spills. Failure to do so will incur a \$150 fine, payable to ARA Office.
- 12.7 It is suggested that crews obtain their fuel depot fuel in Eminence, MO as service will not move during the course of the Rally and there are no fuel options near the designated

service area. Should any crew wish to be at the Parc Exposé and Super Special Stage in Eminence, they must wait in Eminence until the last car has cleared the Super Special Stage FTC. Any crew witnessed in traffic going North on Hwy 19 toward Echo Bluff after the first car has started the ATC and before the last car has left the FTC will incur an illegal service penalty for their team
